

Dear residents,

Please see below this week's updates.

Waste Audit

At South Bank Corporation are constantly working to reduce the amount of waste produced and its impact on the environment. In December, we will be working with our tenants and our waste contractor to complete a waste audit on Little Stanley/Grey Street.

On Friday 3 December, Suez will be auditing the general waste and recycling content in the bin rooms, and will be removing general waste bags from each tenancy in order to provide a clear snapshot of how our tenants are performing regarding waste segregation and diversion and will provide direction for future training in order to reduce the amount of general waste in the precinct.
